

## Anaconda Fuel JVH, rubber NBR hose

### Technical details

Maximum working pressure	16 bar
Burst pressure	Safety factor 4:1
Temperature range	-30° tot 70°C
Electrical resistance	Ohms
Vacuum	0.9 bar

### Available in

Diameter	3"
Length	5, 10 or 20 meter

### Material

Reinforcement	High tensile textile cords with embedded steel helix wire - antistatic wire
Tube	Black NBR
Cover	Black Chloroprene (CR)
Couplings	Steel, swivel flanges in ANSI, DIN or BSP on both sizes
